Ms. Breitenbucher began the meeting by sharing upcoming workforce/career events that have been scheduled throughout the school districts. The events are scheduled at the Juvenile Detention Center, Brunswick High School, Wadsworth High School and Black River High School.

The graphic designer had submitted four draft posters varying in color and schematics for the preliminary “gaming” skill set. A healthy group discussion contained elimination of colors, fonts and positioning of text.

The Council also arrived at other poster titles that included “athletics”, “music” then continued on various skill categories for the posters. It was agreed upon to use “gaming” as the first draft of a poster, along with the set of skills associated with gaming.
